FISCAL ANALYSIS

ASSUMPTION

§ 71.285 - Removal of Weeds and Trash:

In response to similar legislation from 2013 (SB 57), officials at the **City of Farmington** assumed this proposal will have no measurable fiscal impact on the City. The proposal reduces the direct labor and administrative expense related to enforcement of nuisance property ordinances. The only fiscal affect will be to improve the efficiency of police operations related to those offenses.

Officials from the **City of Perryville** expect to realize a small amount of savings from system efficiencies resulting from this proposal.

Oversight assumes the City of Farmington and City of Perryville may recoup costs from the property owner if the city removes trash and weeds from a property with more than one violation within a calendar year.

Oversight assumes there is no measurable fiscal impact from this proposed legislation on the City of Farmington or the City of Perryville.

§ 77.675 - Passage of Ordinances in the City of Farmington:

In response to similar legislation filed this year, HB 61, the following responded.

Officials from the **Office of Secretary of State** assume this section of the proposal would not fiscally impact their agency

Oversight assumes this section authorizes the city council of the City of Farmington to also adopt or repeal any ordinance by submitting the proposed ordinance to the registered voters of the city at the next municipal election.

Oversight assumes there is no measurable fiscal impact from this section of the proposal since the section requires action on the part of the voters in the City of Farmington.
